
FORMER FOSTER CARE CHILDREN (MFC)

REVISED 11/01/2019 – CHANGE NO. 15-19

I. FORMER FOSTER CARE CHILDREN (MFC)

Medicaid for Former Foster Care Children (MFC) is for individuals under age 26 who aged out of foster care in North Carolina and were enrolled in NC Medicaid at the time they aged out. Children who were in North Carolina Foster Care may be eligible for MFC when they do not fall into any other full Medicaid eligibility category. When a child ages out of foster care, IV-E and non-IV-E status are no longer applicable.

II. APPLICATION

Before placing eligible individuals, into MFC, evaluate for **all** Medicaid programs/categories, **excluding** Medically Needy (deductible must be met as of the first day of the certification period) and Family Planning Program (FPP). Eligibility determination for MFC is without regard to assets or income through the month the individual turns age 26. If ineligible for a full Medicaid program category, evaluate for MFC if the individual indicates they were a former foster care child.

The caseworker may contact the social worker to verify if the individual aged out of foster care and was enrolled in NC Medicaid. The caseworker should also review the benefit history to determine if the child was enrolled in foster care on their 18th birthday. Once this has been verified:

A. A signed application is not required.

B. The child must:

1. Be up to age 26
2. Have been in foster care and aged out between ages 18-21 and enrolled in NC Medicaid.
3. **It is critical that former foster care evidence is entered into NC FAST to get the correct determination.**

C. Evaluate eligibility for all full Medicaid programs following the hierarchy below:

1. MAGI, excluding NCHC.
2. MAF-M. Do not authorize as medically needy unless the deductible can be met as of the date of the application.

3. Do not authorize FPP unless ineligible for all programs, including MFC.
- D. If eligible, authorize ongoing Medicaid eligibility for 12 months, send **the** appropriate notice
- E. If ineligible for a full Medicaid program, evaluate for **MFC**.
- F. **No income or resource test is required to determine eligibility for MFC.**
- G. If eligible **for MFC**, authorize for 12 months.
- H. Send **the** appropriate notice.
- I. Evaluate the retroactive period to determine whether there is a medical need.
- J. If eligible during the retroactive period, authorize Medicaid for 1, 2 or 3 months, as appropriate.
